

At Guru Nanak Institute of Technology (GNIT), a Sick Room / First Aid Room is typically provided as part of the campus medical facility to ensure immediate care for students and staff in case of minor health issues or emergencies.

Sick Room / First Aid Room – GNIT Nagpur

- GNIT campus includes a **Health Center with First Aid facility** for students.
- The facility is meant for **basic medical assistance and emergency first aid**.
- It is generally used for:
 - ❖ Minor injuries (cuts, burns, sprains)
 - ❖ Sudden illness (fever, dizziness, headache)
 - ❖ Temporary rest for students feeling unwell
 - ❖ Initial treatment before shifting to a hospital if required.
